To The Class of 2022,

Congratulations on your graduation! Honoring this year's yearbook theme of Netflix, here's our review of the last four seasons of your high school story.

Season 1 (freshman year) brought in a wide eyed and excited cast of freshmen, ready to start and have a year full of sports, clubs, theater, and band performances. This award winning cast was eager and ready to play the role of Blue Devil. This season earned a thumbs up! You are on our continue watching page.

Seasons 2 and 3 (sophomore and junior year) focused on the drama and changed the tone of your story. Instead of a light hearted comedy and fun filled action adventure, your show transitioned into what felt like science fiction. These two seasons were hard to watch, especially as your loyal fans. Unfortunately, the only review that these seasons can earn is a thumbs down. This was not a hidden gem.

Season 4 (senior year) highlighted the best in our main characters. It is by far our favorite season yet! As with every great show, the final season tends to showcase the depth of the cast and focus on how they adapt, grow, achieve, and reach new heights. This is the season where you get the finale that you deserve! We hope that you have been made to feel like the stars that you all are. You all deserve Golden Globe Awards for your performances over the last four years. As a result, you are now trending as our #1 series. We can't wait to hear about your achievements at the reunion show.

Ad Astra, To the Stars.

Mr. Kulak, Mrs. Millette, Mrs. Giannandrea

Congratulations to Mrs. Linda DeCosta on your retirement! Mrs. DeCosta has been a dedicated and loved member of the Fairhaven Staff since 1988 and is a proud FHS Alumna. Mrs. DeCosta is loyal, hardworking and caring. Her above and beyond work ethic and meticulous organizational skills will be missed. It is rare to find someone who is as dedicated to doing an exceptional job as she is. Her love of the students does not go unnoticed as she is often the first person to lean in and help. We are forever grateful for Mrs. DeCosta's behind the scenes work that contributes to the success of the school. Mrs. DeCosta, thank you for all of your sacrifices and service to the Fairhaven Public Schools throughout the years.

Class of 2022,

Growing up, when we were first told our graduation year, it seemed like something so far away, but now, the year has finally arrived. This is something which is very exciting and bittersweet but also scary and sad. We are leaving a big part of us behind, for some the Fairhaven/Acushnet school system is all they have known, meanwhile others may have transferred into the school system at some point in their lives. A significant character from our childhood, Winnie the Pooh, perfectly describes this point in our lives when he said, “how lucky are we to have something that makes saying goodbye so hard?” Over the past four years, as a class, we have experienced so much and grown in many ways. Even though COVID altered our high school experience, I’d like to think that, as a class, we made the best of what was handed to us. I hope that what we have learned in the past four years, through in person learning, online school, and outside experiences will help us navigate in our future. I know the memories made here, both the ones captured in this book along with the ones we keep in our hearts will stick with us forever.

Good luck, best wishes, and most importantly congratulations!!!  
Nellie Zygiel :)

# Senior Class Officers

Dear Class of 2022,

I want to congratulate you all in making it to the final stages of high school. The memories made this year, the ones captured on these very pages, could not have been done without each and everyone of you. Whenever something in the community was going on, from packing the football stands to playing volleyball to eating at all the dine out nights to dressing up in crazy costumes, we always showed up. We as a class were always there participating, creating moments. I want to recognize that our memories extend beyond this book. There is connection and support between us as students and friends. You will forever carry that with you. In whatever your next step is after high school be ready to make new connections to carry with you, to make a new book of memories, but always remember this one. This is where it started, at one very special high school with a group of students I could not be more proud of as your leader.

# Interesting Events!

After two long years, school became 'normal' again! After February break we were finally able to take our masks off! It was exciting to finally be able to see everyone's faces again. We were also able to have homecoming again this year, for the first time since the 2019-2020 school year! Sporting events were now able to be enjoyed by spectators as well as the fall play and spring musical! Mr. Fairhaven also made it's comeback for the first time since 2019! The Thanksgiving game bonfire also returned this year! All these events allowed for the community to come together and celebrate.

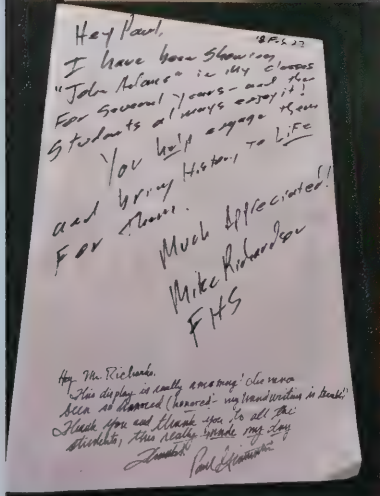

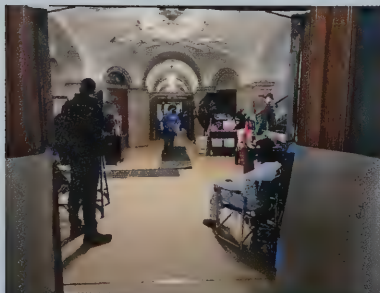

For the first time since 2011, our football team beat Dartmouth in the Thanksgiving football game, with the final score being 24-7!

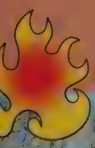

Masks Off!

The school also had the pleasure of completing the new turf field!

Over February break our school was filled with Paul Giamatti's movie crew, filming *The Holdovers*! This movie is definitely going to be added to interesting things about our beautiful school!!

## Sophia Lanzoni

Congratulations Sweet Girl!

When your third grade teacher told us, "Don't try to dull her sparkle. Raising a strong-willed girl isn't always easy, but it's the girls like Sophia who will change the world someday", we listened. And parenting any child can be difficult, but you have definitely made it fun. You are all the things I told you that you were in that silly song I made up for you when you were born. You are kind, and generous, and smart, and funny, and beautiful and so much more. You have been a joy to raise. We could not be more proud of you. We can not wait to see what your future holds (no pressure, but you kinda have a responsibility to change the world now. Can't let down Ms Akin).

Love, Dad, Mom, and Griffin

Congratulations to a smart, talented, charming, sometimes-sarcastic, and always funny son! You have come so far from the days we rooted you on as you swung for the fences to becoming an independent adult ready to take on the world. # + PANDEMIC

# YEAR TWO++

As the COVID-19 pandemic continued into year two, it offered unexpected challenges. Businesses found ways to innovate and stay afloat. Schools, many of which lost students to homeschooling, developed creative solutions to keep students enrolled and engaged. And while approved vaccines brought the promise of a return to normal, virus variants Delta and Omicron challenged an already-stressed health care system. Even so, 99% of students remained in school full time at the end of 2021.

## MALARIA VACCINE SUCCESS

A century of research finally led to the creation of an effective malaria vaccine approved by the World Health Organization (WHO) in October. A study estimated that the GlaxoSmithKline vaccine, Mosquirix, could prevent 5.4 million cases and 23,000 deaths in children under five annually.

## BROOD X RETURNS

Billions of Brood X cicadas, the largest group of 17-year periodical cicadas, emerged from their underground habitat after almost two decades, both delighting and annoying human observers. Periodical cicadas are famous for being a noisy member of the natural world.

## HURRICANE IDA HAVOC

On the 16th anniversary of Hurricane Katrina, Ida hit the coast of Louisiana as a Category 4 hurricane with 150 mph winds. Ida knocked out power for 1 million in Louisiana and caused food, water and fuel shortages. The storm also hit the Northeast U.S., bringing tornados, flooding and record rainfall.

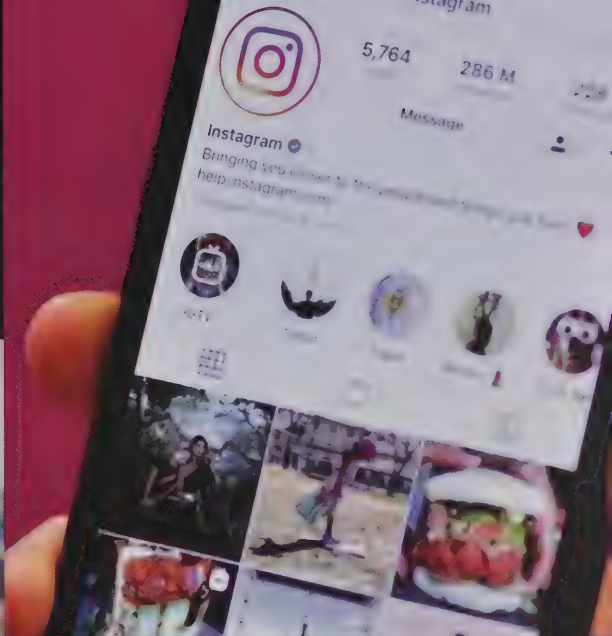

## THE GREAT RESIGNATION

Workers quit their jobs in record numbers, a phenomenon that Texas A&M Associate Professor Anthony Klotz named "The Great Resignation." School disruptions, COVID-19 risks, and work-from-home arrangements left workers reexamining their priorities, often leaving jobs to make long-desired career changes, leaving employers struggling to run viable businesses.

## SOCIAL MEDIA RISKS

Facebook, Instagram and TikTok were found to use algorithms that directed users toward unhealthy weight loss videos or filters that could negatively impact body image, leading to feelings of inadequacy or self-harming behaviors in some users.

## INFLATION RATE

The end of 2021 saw demand outpacing supply, heating the U.S. economy to a 7% inflation rate, the highest in 40 years. Even though pandemic government aid and higher wages increased consumer demand, supply shortages led to rising prices for food, fuel, automobiles and other consumer goods.

## NOBEL PEACE PRIZE

Two journalists, Filipino Maria Ressa and Russian Dmitry Muratov, won the 2021 Nobel Peace Prize for fighting to maintain freedom of expression while facing censorship, legal charges and threats of violence.

# + HEADLINES +

## CHILDREN'S PEACE PRIZE

17-year-old Vihaan Agarwal and his 14-year-old brother Nav won the 2021 International Children's Peace Prize for their pollution-fighting project One Step Greener, which picks up and separates garbage and recycling from over 1,500 schools, offices and homes in Delhi, India, one of the most polluted cities in the world.

## COLIN POWELL

Colin Powell, who during his military career received 11 military decorations, served as chairman of the Joint Chiefs of Staff during the Gulf War and then as secretary of state under President George W.
